

P.E Action Plan April 2020-March 2021 – this plan runs across a financial year

Anticipated annual budget = £17,360

Carry forward from previous year - cost of whole school training package with OASES (Outdoor And Sustainability Education Specialists) £2,550

| Priority | Actions | Timescale | Funding Allocation | Impact | Monitoring and Evaluation |
|---|---|---------------------|---|--|---|
| Increase level of physical activity and elevate the profile of P.E. across the school | Increase opportunities for physical activity (lunchtimes/afterschool) Reevo Coaching | Throughout the year | Reevo Coaching £4500 (3 half terms) | Targeting individuals/groups who need a productive way to channel extra energy at lunchtimes – supporting well-being and positive behaviour. | Cancelled due to Covid |
| | Involvement in a wide range of festivals (Stanley learning Partnership) | | £1000 | Pupils develop confidence and self-esteem participating in physical activity – enjoying the fun side of exercise | Festivals cancelled due to Covid |
| | Imoves – on-line interactive 'scheme' to promote more activity across year groups | | £1000 | Short bursts of exercise to ensure children are still active in school in a safe environment. | Purchased and used with key worker children to ensure physical activity |

| | | | | | |
|--|--|--|---------------------------------------|--|---|
| | | | | | continued during lockdowns. Perfect as no equipment needed. Staff comfortable using in large space to promote movement and physical health. |
| Increase level of physical activity and elevate the profile of P.E. across the school | Supply cover for P.E. leads to monitor/support/ strategic planning | | £1,020 | P.E leads can assess current circumstances in school providing support to teachers to ensure P.E can go ahead safely. | New curriculum overview, assessment grids and vocabulary lists completed for whole school. |
| Increase outdoor learning opportunities (one of our whole school priorities) | Additional members of staff trained to lead Forest School – ensuring wider/ more creative opportunities within the curriculum /greater pupil engagement and sustainability of approach (cover needed. course fees already paid) DH allocated time to support and mentor forest school sessions (3 days) | | Potential costs £1,260 £510 | School is beginning to develop a progressive outdoor curriculum. School is better placed in terms of sustainability – with additional staff trained to lead Forest School. Confidence of all staff is increased in terms of planning and delivering outdoor physical activity. | JE and KH complete Forest School training. A member of staff in all EYFS and KS1 classes now trained. Forest school sessions now every week in Y1 and Y2. Regular Forest School sessions within EYFS. Forest School playing a large part in our transition process form EYFS to Y1 this year. |
| Total spend = £9,290 – Remaining £8,070 to be ringfenced when opportunities are more accessible. | | | | | |
